Supervised Machine Learning:
Regression and Classification

Abbas Kothari

AI Intern @Crest Infosystems Pvt. Ltd. | Ex Intern @ AI Hutaib
Computers & Services. Automating System WorkFlow & Building AI
agents
Anand, Gujarat, India

Summary

A 3rd-year Computer Science student with a strong passion for
Machine Learning and Artificial Intelligence.

Technical expertise includes Python, Scikit-learn, TensorFlow,
Pandas, NumPy, and Matplotlib. Hands-on experience in building
machine learning models such as regression, classification, and
decision trees, with continuous learning in deep learning and natural
language processing.

Project highlights include MNIST Handwritten Digit Recognition,
Spam Detection System, Housing Price Prediction, and participation
in Kaggle's Titanic Machine Learning competition.

Actively seeking internship opportunities in machine learning or
data science to contribute to impactful projects while gaining hands-
on industry experience. The ultimate goal is to excel as a Machine
Learning Engineer and make meaningful contributions to the field of
AI.

Open to connecting with professionals in the field and exploring
ideas, projects, and opportunities for collaboration.

Experience

Crest Infosystems Pvt. Ltd.
AI Engineer
January 2026 - Present (3 months)
Surat, Gujarat, India

AI Hutaib Computers & Network Solutions
AI Engineer
June 2025 - December 2025 (7 months)

Dubai, United Arab Emirates

Working as an AI Intern, I designed and implemented an AI-driven workflow to automate the RSVP process for the company's Izzan RSVP WhatsApp service.

The role involved architecting conversational decision flows, intent classification, event selection logic, and state management to handle real user behaviour across multiple events.

I built LLM-based systems with strong guardrails to minimise hallucinations and ensure reliable, context-aware responses, and deployed the solution using Azure cloud services to support scalable, production-ready automation with minimal human intervention.

Education

A D Patel Institute of Technology, CVM University

Bachelor of Technology - BTech, Computer science and design · (2022)

Burhani English School

High school
